

## 33W802 White Thorn Road, Wayne

This beautiful, four-acre country retreat features a natural and serene setting on White Thorn Road, in historic Wayne. This **Frazier-Raftery** designed one-story home, with master suite addition designed by **Ed Dart**, is both unique and classic. Set back from the road, the lush landscaping and mature trees welcome you home in every season. The home is filled with large windows, providing spectacular views in every room. The floor plan flows well for day-to-day living and is perfect for entertaining. Fireplaces accent the living room, dining room and master suite. Whether enjoying family and friends in the living room, or just snuggling in the den for a movie or glass of wine, this is a home for those yearning to “get away from it all” at the end of the day. Wayne offers the relaxed, small town lifestyle, while having easy access to all of the conveniences of St. Charles and Geneva.
