This well built and well maintained one-owner house is clean as a whistle and move-in ready! Larger than it appears, this home has generous room sizes and a floorplan that “works” - great for everyday living and great for entertaining. The one acre parcel has been lovingly planted over the years. The back yard is a beautiful mix of evergreens and specimen trees, with berry bushes and space for a garden. Enjoy the peaceful wide open spaces, yet be only minutes from all of the amenities of the Randall Road corridor, the Metra station and all the Fox Valley has to offer. St. Charles Schools, too!
